OFFICE OF CONGRESSMAN DAVE REICHERT (WA-08)

PROJECT REQUEST CERTIFICATION

By submitting this request for federal funding, I certify that:

- This project directly benefits the residents of Washington's Eighth Congressional District and merits federal funding assistance.
- None of the funds requested will be used for a new building, program, or project named after a sitting Member of Congress.
- None of the funds requested will be used to secure funds for other entities unless the use of funding is consistent with the specified purpose of the project request.
- For requests where the receiving entity is not a unit of federal, state, or local government, or where the entity receiving the funding will not be providing support to a federal, state, or local government, or will not be providing research, the organization will provide matching funds, including in-kind contributions of 5% or more above the statutory requirement.
- For requests from non-federal, -state, or -local government entities or other public institutions, the organization will submit an End User Letter(s) of Support from a public official representing the direct beneficiaries of the project. This will be inserted into the Congressional Record and disclosed on the Member's Congressional Website.
- Under separate cover, I agree to provide a comprehensive plan outlining the sources of funding for the duration of the project; the percent and source of required matching funds, anticipated sources of the funding for the duration of the project, and a detailed budget for how federal funding assistance will be used to support the project.
- In the interest of transparency, any information submitted with this project request may be disclosed for public review, including but not limited to the Committee or Member's Congressional Website and the Congressional Record.
- Should the project receive federal funding, I agree to disclose whether I hired a lobby firm; if so, the name of the lobby firm; and how much was paid to advocate for this project.

the name of the looply firm, and now much was paid to advocate for this project.

Re: Non-Federal Letter of Support for Calistoga Setback Levee WRDA Funding

Dear Mr. Reichert:

The Calistoga Setback Levee is one of the most important projects the City of Orting has undertaken. This project will provide safety to the people and property of not only Orting, but all communities located in the Puyallup River floodplain. The setback levee approach balances providing flood protection and being a good steward of the environment. By setting back the levees we are able to increase flood capacity and build the levees to a higher standard while creating habitat for Puget Sound Salmon. This project was developed in coordination with and is supported by Pierce County, the Orting School District, Washington Department of Fish and Wildlife, Department of Ecology, Puyallup Indian Tribe, and Orting City Council.

Each year the City is crippled by flooding and is damaged economically through the loss of property, lost business, and other flood related expenses. The Calistoga Setback Levee provides an opportunity to prevent future losses. We thank you in advance for your support.

Sincerely,

Mark Bethune City Administrator

OFFICE OF CONGRESSMAN DAVE REICHERT (WA-08)

CONGRESSIONAL SITE VISIT CERTIFICATION

In the interests of accountability and transparency, we require that either the Congressman or a member of the Congressman's professional staff visit each project site requesting federal funding. This will enable our office to more thoroughly assess the merits of each project and ensure that limited taxpayer funds are invested wisely.

Upon completion of the congressional site visit, please complete this form and have a representative from the organization (not a representative from a lobbying firm) sign it. The Congressional Staff Member visiting the site will be responsible for collecting the form at the time of the visit.

I hereby certify that on <u>Dec. 2</u> and , 2009 Congressman Dave Reichert/a professional staff member from Congressman Dave Reichert's office visited our organization/project

for the purposes of reviewing our request for federal funding.
